

## WHIM

"Whim" is a Friendship Sloop that is for sale. She is 20' 3" long with a beam of 7'. She draws 3.5'. The boat was built by Chester F. Spears of Scituate, MA in 1939 and has been registered in the Friendship Slope Society as # 126 by previous owners. We purchased it in May 2001 from Jack Manley of Northville, NY, who had done extensive renovations on her.

Since the day we brought "Whim" to Cornish, NH, we have kept the boat in our barn, out of the weather.

We stepped the mast and raised the sails in our back yard soon after it arrived in Cornish. The timber cradle supports the boat currently in the barn and can slide onto a 5<sup>th</sup> wheel trailer for transport.

We are interested in selling "Whim" complete with sails, mast, boom, gaff, bow sprit, ballast, and interior cushions for \$7,500.00.

Please contact John Rand @ [jhrand@comcast.net](mailto:jhrand@comcast.net) for additional information.
